

Dream DECKING

CLASSIC RANGE

Elevate your outdoor living experience with our Classic composite decking range and transform your space into a haven of luxury, durability, and timeless beauty.

Engineered to withstand the rigors of the outdoors. Combining the best qualities of recycled materials and cutting-edge technology, our Classic decking boards offer superior resistance to moisture, fading, staining, and the impact of everyday wear and tear.

Manufactured using recycled materials, reducing the demand for virgin timber and minimizing waste. Our Classic Composite Decking boasts a 4 square hole construction, offering enhanced strength and structural integrity. Designed with a unique reversible design, each board offers a wood grain effect or a traditional grooved decking style; allowing you to choose the look that best complements your outdoor space.

SPECIFICATIONS

Board Length	3.6 metres
Board Width	145mm
Board Thickness	21mm
Board Weight	8.7 kg

TECHNICAL DATA	RESULT
Materials	40% Recycled Polymer, 55% Natural Wood Fibre & 5% Composites
Fire Rating	Bfl-s1
Slip Resistance	Low Slip Potential*
VOC Emissions	Low Emissions
Impact Resistance	61.9HD
Water Absorption	0.30%
Construction	4 Square Hole Construction
Maximum Load	600 Kgs
Fitting Mechanism	Hidden T-Clip Fitting
Bleach Cleanable	No
